Other Skills - User Experience, Prototyping, Wireframing, Design systems, Responsive Design
Languages - English, Marathi, Hindi

PROJECTS

Present   **Quizzical: An Adaptive Quiz Generator Website** (Figma,*React.js, Tailwind CSS, Gemini API*) **Prototype**

- Led the **end-to-end design of an AI-powered quiz platform** focused on adaptive learning, creating user-centric interfaces and workflows in Figma.
- Built responsive UI prototypes for **quiz generation, user history, and collaboration features**, ensuring a consistent and intuitive user experience.
- Collaborated cross-functionally with developers to align design with **React.js components and Gemini AI** capabilities for real-time quiz customization.

Present   **Flyora Tours - Travel Website** (Figma) **Prototype**

- Designed a **comprehensive travel and tourism interface** with 10 structured pages, including **login/signup, destination listings, booking flow, and payment screens.**
- Focused on **intuitive user journey, modern aesthetic, and brand consistency** across pages.
- Created detailed **prototypes** and **wireframes** to demonstrate **complete interaction flow** and **responsiveness.**

04.2024   **Project Management Website Design UI/UX – Community** (Figma) **Prototype**

- Designed a clean, user-friendly UI/UX for a project management web app in Figma.
- Built interactive prototypes with task boards, timelines, and team dashboards.
- Focused on responsive, accessible, and user-centric design principles.

04.2024   **Smart-Learn E-Learning Website.** *(HTML, CSS, Bootstrap, Javascript)* **Prototype**
- Smart Learn is a User-friendly e-learning platform that provides interactive lessons, structured course catalogs, and a responsive design using **HTML, CSS, Bootstrap** and **JavaScript** for an engaging learning experience.
- The platform includes **user authentication**, an **instructor application form** & **contact feature.**
